

UOF - Rollback bet settlement

"Rollback_bet_settlement" is sent when a previously sent 'bet_settlement' was sent in error and needs to be rolled back/undone.

XML example

```
<rollback_bet_settlement event_id="sr:match:299321" timestamp="1236"  
product="1">  
  <market id="47"/>  
</rollback_bet_settlement>
```
